# HELP FUND OUR FOOD + ESSENTIALS DELIVERY SERVICE

**Touchstone's vision is to inspire communities and transform lives. We are supporting the community, but we can't do it on our own.**

So far we've helped 300 people and been very grateful to receive donations from Morrisons, St George's Crypt and Cook Leeds, but many of the individuals and families we support are still finding it difficult or impossible to get to food banks.

They are hungry, isolated and unwell.

With a £25 donation, service users who are self isolating and are very vulnerable will have an essential food parcel to last a week.

100% of your donation will be used for basic essential items for our emergency campaign **#TouchstoneLovesFood**.

Your support is **#NeverMoreNeeded** than it is now.

Please help us stop hunger during the Covid-19 crisis by fundraising or making a donation by clicking on our logo above.

Thank you very much for your kindness during this crisis.
