

ASK₄ ADVOCACY

Deprivation of Liberty Safeguards DoLS

In partnership Touchstone & Advonet

A DoLS is when you are stopped from going out by yourself.

You might be living in a care home and a carer comes with you when you go out.

They council decide if you should have a DoLS.

The council might be concerned about your safety if you went out alone.

What do you think about DoLS?

Are you happy where you live?

If you are not happy we can challenge the DoLS together.

We can ask the council to look again. If they don't change their mind we can ask a judge to decide.
